

# PRODIGO

## TAX REPRESENTATION IN SWITZERLAND

Do you have a construction, consulting, training project, etc. in Switzerland, or do you want to simplify the procedures for importing your products?

### DID YOU KNOW...

... that tax representation is required for each foreign company which achieves an annual turnover of more than CHF 100,000 worldwide and which provides services or wants to simplify the procedures for importing its products into Swiss territory?

By obtaining a Swiss VAT number, Prodigo acts as your tax representative and declares your turnover on Swiss territory on a quarterly basis in order to fulfill your obligations towards the Swiss tax authorities.

## PRODIGO HELPS YOU!

### Prodigo Neuchâtel
